Mandate:

Shared Health is the provincial health authority and is responsible for:

- planning in relation to the provincial health system as set out in the Health System Governance and Accountability Act (the Act)
- administering and delivering, or providing for the delivery of, provincial health services in accordance with this Act, the provincial clinical and preventive services plan and the authority's strategic and operational plan.

Authority:

[The Health System Governance and Accountability Act](#)

Responsibilities:

As the provincial health authority, Shared Health must:

- comply with its accountability agreement;
- prepare for the minister's approval
 - successive five-year provincial clinical and preventive services plans respecting the delivery of health services in Manitoba, and
 - annual updates to those plans and any additional updates required by the minister;
- establish clinical standards for the delivery of health services provided or funded by the government or a health authority, and update those standards;
- implement its strategic and operational plan as approved by the minister under the Act;
- manage and allocate resources, including funding provided by the government for health services, in accordance with this Act and the authority's strategic and operational plan;
- in administering and delivering or providing for the delivery of health services,
 - ensure that health services are delivered in accordance with directions given by the minister,

- comply with, and ensure compliance with, prescribed standards and clinical standards, and
 - ensure that there is reasonable access to health services;
- monitor and evaluate
 - the implementation of the provincial clinical and preventive services plan by the provincial health authority and the other health authorities, and by health corporations and health care organizations,
 - compliance with prescribed standards and clinical standards by the provincial health authority and by the regional health authorities, health corporations and health care organizations, and
 - the provincial health authority's delivery of health services and its compliance with provincial objectives and priorities;
- prepare for the minister's approval an annual provincial health capital plan that is based on the provincial clinical and preventive services plan;
- assist the cancer authority and regional health authorities with the development of their proposals for capital projects;
- at the minister's request, review the following and make recommendations to the minister:
 - proposals for capital projects submitted by the cancer authority or regional health authorities,
 - proposals submitted by the cancer authority, regional health authorities, health corporations or health care organizations for the disposition of facilities that have received capital funding or operational funding directly or indirectly from the government;
- oversee the construction of facilities by the cancer authority, regional health authorities, health corporations and health care organizations if at least 2/3 of the cost of the construction is funded directly or indirectly by the government;
- oversee the expansion or major renovation of facilities by the cancer authority, regional health authorities, health corporations and health care organizations if at least 2/3 of the cost of the expansion or renovation is funded directly or indirectly by the government and the cost exceeds an amount determined by the minister;
- develop provincial health human resources plans for approval by the minister;
- provide provincial administrative and support services to the cancer authority, regional health authorities, health corporations and health care organizations;
- provide facilities for undergraduate and postgraduate study relating to health conditions and health services;
- train technical personnel to assist in the provision of health services; and
- comply with any directions given by the minister.

Membership:

- The board is comprised of 11 members
- The members should reflect a balance of urban and rural setting and include no less than four members from outside of Winnipeg,
- Board members are appointed by the Minister of Health

Officers:

- Chair is appointed by the Minister of Health -
- Vice-Chair is elected by the board

- The Board may also elect from among its Directors, and/or appoint individuals who are not Directors, to serve as:
 - treasurer and secretary

Length of Terms:

No director shall be appointed for a term exceeding three years. If reappointed, a director may serve for a maximum of six consecutive years.

Board Members must:

- be eighteen (18) years of age as of the date of the appointment
