The following taxation changes were announced by the Honourable Cameron Friesen, Minister of Finance, in his Budget Address on May 31, 2016.

PERSONAL MEASURES

Indexing of Personal Income Tax Brackets	Manitoba tax brackets will be increased in 2017 by the Manitoba Consumer Price Index (CPI) for the twelve-month period of October 2015 to September 2016. It will continue to be indexed in subsequent years.
Indexing of Basic Personal Amount	The Manitoba Basic Personal Amount (BPA) will be increased in 2017 by the Manitoba CPI for the twelve-month period of October 2015 to September 2016.
Seniors' School Tax Rebate	For the 2016 property tax year, the maximum Rebate limit of \$470 for eligible seniors is retained. The Rebate will now be calculated on net school taxes paid after the Basic and Seniors' Education Property Tax Credits (EPTC) are taken into account. In addition, for eligible senior households with a net family income of over \$40,000, the Rebate will be income-tested. The Rebate will be reduced by 2.0% of net family income over \$40,000.
